Report of Vice-Regent C. M. L. Lafitte

D. A. R. May 1, 1923.

During the month of April, I have endeavored to check up the furnishings of Spalding House according to my written list.

I have not been able to find a large red potted bowl, formerly in entrance hall.

A small light brown trunk, last seen in cupboard in west chamber

The blue and spread formerly on west chamber bed

A brown pitcher in cabinet in Tap Room

Several missing chairs, I judge, are being repaired

Two small stones seem to have disappeared - also a rug from Tap room

Additions

6 new sheets

6 " pillow cases.

Large mat in entrance Hall.

Powder flask

Silver Basket

Mirror

7 rocking stove

Books

The most important loss seems to be the first volume of the Soldiers and Sailors of the Revolution. This I have never been able to find.

A cyclone appears to struck the attic - I miss a large lamp -
Curtain rods, on inquiring, I find to have been sold - There is such a chaos there it is next to impossible to see what is really there -

Of the silver: Missing

1 coffee spoon
1 teaspoon
Dozen tablespoons intact
Knives gained one
Forks " eight
China missing
3 large cups
3 " saucers
2 bread & butter plates
Dinner plates gained 5

In behalf of the new vice-regent, I would beg you not to add to the personal property of Spalding House nor subtract from it without reporting to her. She has her lists, and all articles removed will be missed. It is hardly fair to appoint her to take charge of the personal property, and then move it about or carry it away without her knowledge.

Exact records should be kept, a very difficult task, needing hearty co-operation from all.
